Sweet Gum and Mullein.

Most of our readers have thought very little of he fact that in the exudation they see clinging to the sweet gum tree in the hot summer months there is a principle that is considered the most powerful stinouisting expectorant known. They have no doubt thought less of the fact that in the mullein plant seen in the old fields is a mucifaginous substance that acts as a soothing demulcent on the inflamed surfaces of the lungs, and which has attracted the attention of the medical world in consequence of its wonderful effects on consumption. When these things are considered it is not surprising that 'Taylor's Cherokee Remedy of Sweet Gum and Mullein.' the great panacea for Coughs, Croup, Whooping Cough and all Bronchial Affections, is proving such a boon to these suffering. For sale by all leading druggists at 25c and \$1.00 per bottle.

Manufactured by Walter A. Taylor, Atlanta, Ga., proprietor Taylor's Previum Cologne.
